

Die Cast Zinc License Plate Frames

Manufactured in the United States

DIE CAST FRAMES page 1

Probably our most attractive frame, the Polished Chrome Copy Frame starts off as a zinc casting, copy is hand polished...frames are plated, painted and excess copy paint is wiped off. A Great looking product for the money...A MUST SEE!!

Polished Chrome

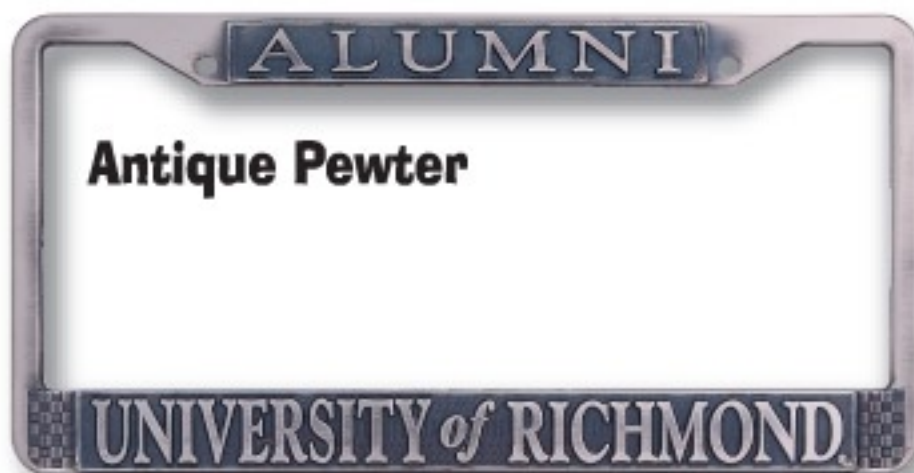

Polished Brass

The Polished Brass Frames uses the same process as the Polished Chrome...a zinc casting with hand polished copy, plated in Brass and all excess letter paint is wiped off, labor intense, but NICE!! As with all products, individually bagged and sealed, 60 pieces per box.

Low 50 Piece Minimums!!!

The Antique Pewter frame is a zinc casting that is plated in a subtle, soft Pewter Finish. A Great item with a truly rich look. Frames do not offer a back-color as on so many of our items, just a recessed dark background with a clean Pewter copy.

Antique Pewter

(5r)	50	100	250	500	1,000
Polished Chrome	\$10.91	\$8.00	\$7.16	\$7.00	\$6.83
Polished Brass	\$12.74	\$9.83	\$9.00	\$8.83	\$8.66
Antique Pewter	\$12.45	\$9.57	\$8.75	\$8.60	\$8.41
One Time set-up (V)	\$150	\$150	\$100	\$80	N/C
